

Sales Director

INTEC

ENERGY SYSTEMS

INTEC Business

Heat Supply

Sludge Treatment Power Generation Companies within the INTEC group are offering services and equipment for various heat and power applications from one hand.

INTEC ENERGY SYSTEMS

- Founded in 1995, INTEC has developed into an internationally leading company for high temperature process heat supply and green power generation.
- The INTEC group achieves a turnover of 25-35 million Euro p.a. generated by approx. 80 employees.
- Large network of own offices as well as representations around the world.

INTEC Engineering GmbH Germany

- Project development together with customer
- Complete design and engineering of the plant by INTEC engineers
- Manufacturing of key components at INTEC production facility in Germany
- Local manufacturing of components by customer or turn-key installations possible
- Experienced service engineers installation supervision and start-up
- After sales support

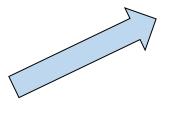

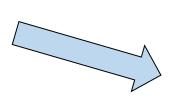

INTEC Products Heating solutions

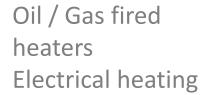

Heat Transfer Medium

- Thermal oil
- Steam
- Hot water
- Warm water
- Hot gases

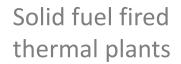

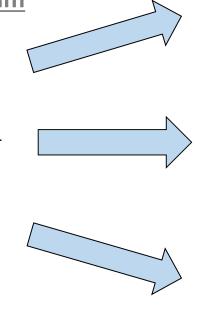

INTEC Products Power generation solutions

- Thermal oil
- Steam
- Hot water
- Warm water

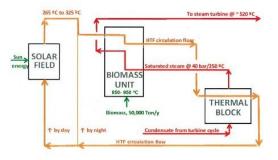

Steam turbine

Hybrid power plant CSP/Biomass

ORC power generation module

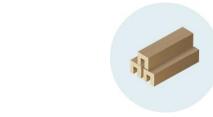

INTEC Products Renewable power generation from biomass

-> biofuels

-> wood biomass

-> building material waste

-> general biomass, agricultural waste

-> municipal waste, organic biomass, RDF

Sewage sludge, livestock excreta

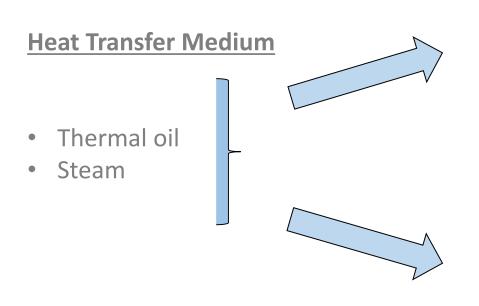

Wood chips, bark, sawdust

Waste building material

Rice husk, coffee pods, PKS, cotton stalks, sunflower seed hull Pruning, wood debris, paper, food waste, textiles

INTEC Products Sewage sludge drying & incineration

Sludge drying

Sludge incineration

INTEC Group References

- 10 MWe Power Generation Plant in Japan
- RDF fluidised bed combustion (FBC) system for steam and power production in South Korea
- Wood waste fired hot gas generator with thermal oil heating system
 & steam generation in Spain
- Recycled waste wood fired incinerator for steam and power production (CHP) in Switzerland
- Co-generation plant with rice husk combustion in cooperation with LAWI Engineering GmbH in Thailand
- Hybrid solar-biomass plant (worldwide the only one in commercial scale) in Spain
- Coal fired fluidized bed combustion (FBC) system for thermal oil heating with flash tank in Taiwan
- Sewage sludge dryer and incinerator for steam and power production in Germany

INTEC Group Contact details

INTEC Engineering GmbH

John-Deere-Str. 43 D-76646 Bruchsal/Germany
